Dear Sirs;

It is my belief that we have had enough of Clintons slime and it is now time to get on with it.

As part of getting on with it, it seems to me that we should discontinue the perssecution of a successful effort named microsoft and start fighting our way back to what America was founded on, Freedom to do, Freedom to be and Freedom to have.

Please stop using tax dollars pursuing someone who is good at what they do.

Sincerely  
Ken Howe
